

**American University Neighborhood Partnership
Student Life and Safety Working Group Summary**

August 8, 2022

Key Discussion Points:

- Welcome, review agenda and introductions
- Review Student Conduct Survey
- Review Student Conduct Numbers
- Adjourn

Summary: After a welcome by the co-chairs, the group dove into a discussion of how best to implement a survey being sent to neighbors in the AU community who had filed a student conduct report. This included comments on what information is critical to capture and how best to measure success of the working group moving forward, through tools like this. The co-chairs agreed to continue the discussion between meetings on how best to proceed with a survey or similar tool that would meet both the neighbors and American University's needs.
